

**EMBRYONICS**  
EMBRYO TRANSFER AND TRAINING SPECIALISTS

## TRANSFERRING/IMPLANTING BOVINE EMBRYOS

**A practical two-day training course**

**15 – 16 May 2012**

- **Practical 'hands-on' course**
- **Course structure covers all aspects of embryo transfer, including ultrasound evaluation of recipients.**
- **Direct transfer technique used.**
- **Lunch and refreshments included**

### TUTORS INCLUDE:

**JOHN DAWSON MRCVS, BVMS, Cert CHP**  
**MARK BOLAND Embryonics**

Embryonics Ltd is pleased to offer this embryo transfer course, following the success of our recent courses. The driving force behind the course is the commercial availability of one-step-thaw bovine embryos. These can be put into cows relatively quickly without the need for expensive specialist equipment. This offers, therefore, a real opportunity for practicing cattle vets to become involved in embryo transfer without having to sacrifice everyday routine work or spend a fortune on equipment.

Two areas of new work are envisaged: firstly, implanting repeat-breeder dairy cows with cheaper one-step-thaw embryos; then, after pregnancies have been achieved, implanting pedigree embryos for farmers in your locality.

This new opportunity needs to be grasped firmly by cattle vets, before others do so. Topics covered during the two-day course will include:

- Recipient management and examination, including ultrasound.
- Embryo storage, handling & thawing demonstration
- Epidurals, rectalling, implanting
- Demonstrations & practice of technique on post-mortem tracts and live cows
- Repeat breeder treatment and results
- Legislation and records
- Synchronization and post-implant alternatives
- Materials, costs and charges

The course begins on the first day at 9.00 am and will close on the second day at approximately 4.00 pm. Lunches, coffee and tea are included.

Accommodation list and directions will be sent with confirmation of course attendance.

The organisers reserve the right to cancel the course.

### **Course venue:**

Ashbrook Equine Hospital, Middlewich Road,  
Allostock, Cheshire WA16 0JQ

## APPLICATION FORM TRANSFERRING BOVINE EMBRYOS

(Lunches, coffee and tea are included in price)

Please enroll me on the course

15 – 16 May 2012

I enclose a cheque for £750 (£625 plus £125 VAT) for the course.

Please make cheque payable to: **Embryonics**.  
If you require a VAT receipt, please tick here
